

Getting to know.... Ginny

I started at the Round About Café in July 2015. I recently stopped volunteering at a café in Eastleigh and walked past here one day. Now I help out once a week on a Thursday.

I'm an avid gardener – I enjoy growing vegetables with my daughter at our allotment. We've grown everything you can think of!

What made you want to volunteer?

I had time on my hands and I like being active. I enjoy meeting people and spending time in company. I think because it's voluntary there's less pressure, which works for me. I want to be involved with helping people and this is a great way to do that.

What is your favourite thing about volunteering?

The people are great! I really enjoy it.

How has working at the cafe helped you?

I've always been very sociable but found that once I retired I started losing confidence – working at the café has given me the boost I needed. I recently did a food hygiene course here and felt much more confident than I'd expected – it was good fun!

The Cafe – we've enjoyed getting to know Ginny and she's great in the café. She really enjoys chatting with the customers which helps create a friendly atmosphere. She's always really keen to wash up too!
